

Bulletin Boards on Pinterest

This activity can be done individually or with a partner. Visit the site or download the free app at: www.pinterest.com (this may require you to create a free profile.) Search and find five bulletin boards that teach a lesson on math, reading and classroom rules or procedures. You will then answer a few questions about bulletin boards.

Bulletin board title	Description and objective(s) of bulletin board	How does it relate to math, reading, classroom rules or procedures?	Additional comments

Name _____ Period _____ Date _____

Bulletin board title	Description and objective(s) of bulletin board	How does it relate to math, reading, classroom rules or procedures?	Additional comments

1. Which bulletin board idea is your favorite? Why?
2. What changes would you make to each bulletin board to address the needs of Special Education students?
