

Haircutting Diagram (Key)

Identify the haircutting reference points needed for a good haircut.

- 45° angle
- Apex
- Crown
- Horseshoe parting
- Nape area
- Occipital bone

1. Why is a good haircut important?
 - A good haircut that is easy to maintain and style will make clients happy with the service and will become return customers
2. Why do we need to know the head shape and reference points?
 - So that both sides of the haircut are the same
 - To develop the ability to create the same hair style consistently
 - To show where and when it is necessary to change technique
