# Rubric for Global Travels Project

Task Description: As a group, your task is to select a travel destination.  It is important to think of the vital information needed to enhance the vacation experience for the clients. You may select a travel destination not listed, with the instructor's prior approval. Incorporate your information in an infographic. The project must include information on a minimum of six areas listed below:

- Currency
- Customs
- Destination description
- Entry, exit, and Visa requirements
- Festivals/celebrations
- Health requirements
- Local laws and special circumstances

- Passport validity
- Safety and security issues
- Sight-seeing or attractions
- Travel and transportation methods
- Vaccination requirements

| Criteria | weight | Exceptional | Admirable | Marginal | Unacceptable |
|---|---|---|---|---|---|
| **Content** | 50% | ☐ Appropriate details support main idea<br><br>☐ Accurate and detailed information (six areas) | ☐ Most details support main idea<br><br>☐ Accurate information for almost all subject matter (five to four areas) | ☐ Few details support main idea<br><br>☐ Lacking accurate information (three areas) | ☐ No details to support main idea<br><br>☐ Information is not accurate (two or less areas) |
| **Focus** | 20% | ☐ Main idea is clearly appropriate to topic with evacuation plan and steps | ☐ Main idea is appropriate to topic with evacuation plan and steps | ☐ Main idea not clearly stated; evacuation plan but lacking steps | ☐ No main idea, evacuation plan or steps |
| **Visual Appeal** | 20% | ☐ Overall design is pleasing | ☐ Overall design is mostly pleasing | ☐ Lack of harmonious design in presentation | ☐ Project has sloppy appearance |
| **Mechanics** | 10% | ☐ Free of grammatical errors<br><br>☐ Words are legible and pertinent to topic | ☐ Mostly free of grammatical errors<br><br>☐ Most words are legible and pertinent to topic | ☐ Frequent grammatical errors<br><br>☐ Presentation is illegible and confusing | ☐ Very frequent grammatical errors<br><br>☐ Distractive elements make illustration ineffective |
