Teacher Resource

Who we are

Don't be shy! Let them know how great you are. This is the back cover of your booklet, so it's one of the first and last things the recipient sees.

It's a great place for your 'elevator pitch.' If you only had a few seconds to pitch your products or services to someone, what would you say?

- Consider including a couple of key takeaways on this back cover...
- Just remember that this is marketing—if you want to grab their attention, keep it brief, friendly, and readable.

Convection Oven

What is it?

Has a fan that circulates the oven's heated air and cooks food in 30% less time and at 50° lower than a regular oven.

Used for baking, braising and roasting.

What can it do?

If your business doesn't lend itself to photos as easily as the beautiful culinary examples shown in this template, have no fear. You can just select and delete a page of photos and replace it with text using the styles provided.

A picture is worth 10,000 words, but only if it's the right one. In marketing materials, remember that any image you use—good or bad—makes a statement about your business.
