

## Teacher Instructions for Inside/Outside Circles Activity

---

### Directions:

1. Students in concentric circles (inside circle has students face students in the outer circle).
2. Questions are posed or each student presents pre-assigned information.
3. Each student, in each circle, gets about 1-2 minutes to discuss questions or present information.
4. Then, the inside circle rotates one person to the right.
5. New questions are posed to each student to share the information.
6. You may utilize the Stopwatch tool to assist the students in keeping track of the time at <http://www.online-stopwatch.com/>
