

# Teacher Instructions: Enrichment - Stain Removal Activity

If you do not have access to several sinks, you will need to set up several temporary "sink areas." Place water in four plastic dishpan containers throughout the room to set up stain removal stations. Instruct the students to rotate among the four stations. Each station will be for a specific type of stain and should contain the following equipment and supplies:

## Ballpoint pen ink stain station

- hairspray
- liquid laundry detergent
- paper towels
- stain removal solvent

## Lipstick stain station

- damp cloth or sponge
- liquid laundry detergent
- paper towels
- rubbing alcohol
- stain removal solvent

## Mustard stain station

- butter knife or plastic knife
- color-safe oxy bleach
- damp cloth or sponge
- liquid laundry detergent
- paper towels
- stain removal solvent

## Melted wax stain station

- bowl with water
- butter knife or plastic knife
- color-safe oxy bleach
- damp cloth or sponge
- iron
- liquid laundry detergent
- old towel
- paper towels
- wooden spoon

Students will practice various stain removal techniques. Distribute the Stain Removal Techniques handout.
