

Tools and Strategies to Meet the Needs of Families Project

In groups of three or four, you will create a picture door organizer. You may refer to the video if you need a review of the instructions at Picture Door Organizer <http://youtu.be/weY4PtrfM3o>

Each group will need:

- glue stick
- picture from a magazine which relates to the subject area
- two pieces of construction paper (different colors)
- scissors

Research the following information:

- Guiding Children's Behavior
- Promoting the Development of Children
- Causes, Prevention and Treatment of Domestic Abuse
- Causes, Prevention and Treatment of Child Abuse
- Maintaining a Healthy and Safe Environment for Children
- Resources and Agencies to Help Deter Child Abuse or Domestic Violence Situations

Students will:

- exhibit employability skills such as communication, problem solving, leadership, teamwork, ethics and technical skills
- demonstrate effective verbal, nonverbal, written and electronic communication skills
- place all information researched on picture door organizer in a neat and creative manner
- include a photo related to the project in the organizer

The project will be assessed by Rubric for Tools and Strategies to Meet the Needs of Families Project and an individual reflection.
