## Travel Tips

Directions: Complete the questions with the appropriate information.

1. What can be done to ease the language barrier when traveling abroad?
2. Why must you be careful what you eat and drink when you are traveling? How can you reduce your chances of getting ill?
3. Explain how taking a photo of your luggage could be helpful.
4. What information should you include on your travel itinerary?
5. What is the purpose of travel medical insurance and medical evacuation protection?
6. Which U.S. government agency should you inform of any travel plans abroad?
7. You are visiting Spain and decide to purchase souvenirs. You made a couple of purchases with your credit card, but on the next purchase your credit card was declined? What do you think happened and how could it be prevented?

Name \_\_\_\_\_ Period \_\_\_\_\_ Date \_\_\_\_\_

8. Why is it a good idea to make multiple copies of your passport and always have them with you?

9. What type of medical professional would you make an appointment with before your trip, and how far in advance of your trip? Why do you need to see a medical professional prior to a trip?

10. What information should you research about your travel destination?

Briefly summarize the information and points learned about traveling abroad. Write a minimum of five complete sentences.
